

LEGEND

Lithology

- Ignimbrites (densely welded) Lesser rhyolite breccia.
- Rhyolite flow and flow breccias.
- Lahar or debris-flow breccias.
- Dacite lava flows & tuff.
- Interbedded volcanic conglomerate and sandstone.
- Dacite and rhyodacite lava flows.

SYMBOLS

- Candy Vein
- Fault showing relative displacement: Up, Down
- Dirt road
- Proposed drill hole
- Performed drill hole
- UG workings
- Rock Dumps

Graphic Scale

Gold(ppm) SampleNo. Silver(ppm)
 6.5 14,299 10.4
 Rock sample results as bar graphs & reported values in ppm
